Hi [REDACTED],

Here is an electronic copy of the warning notice I wrote last month for the late SMRs. I tried mailing a hard copy and it was returned to me. Just to be clear, you have already met the requirements of the warning notice, no further action is required from you now. Please let me know if you have any questions. Thank you -Nick

Good morning [REDACTED],

I tried mailing out a hard copy of the warning notice I had emailed to you a couple weeks ago. I sent it to the following address I have on file and it came back to me, return to sender:

6308 North Marine Drive
Portland, OR 97203

Is this the correct mailing address for SoloPower? Is there a different address I may send this to?
Thank you -Nick

Since the report was not received/postmarked by the due date listed in your permit, it necessitates an enforcement action for the violation. Since this is the first late report incident, this year, and the report was less than 30 days late, the enforcement action is a warning notice. There are no fines associated with it. If you have any other questions please let me know. -Nick

So what does the warning notice mean?

Hi [REDACTED],

Just a heads up. I mailed out the warning notice today for the late 2018 quarter 1 SMR. But I wanted to confirm that I received your SMR in the mail today. Thank you for sending those in so quickly. -Nick
